

Pupil Premium Strategy Statement for West Alvington C of E Academy

At West Alvington C of E Academy we do whatever it takes to ensure that our children achieve their very best. We are relentless in our pursuit of excellence for ALL students, regardless of socio-economic background. We do not confuse eligibility for Pupil Premium with low achievement and we know that the single most important factor in ensuring our most vulnerable children achieve, is excellent teaching and learning.

We have identified common barriers for our disadvantaged pupils and our strategy is based upon either breaking down barriers or minimising the impact – leading to raising achievement. We target the Pupil Premium funding to ensure that children can make excellent progress and be ready for the next step in their education. The following strategy outlines actions taken to ensure that impact of these barriers is minimised or eradicated. Our key priorities for 2018-19 sit alongside a focus on excellent quality provision for all pupils.

1. Summary information							
West Alvington C of E							
Academy

1	I. Barriers to future attainment (for all pupils eligible for PP including high ability)						
In sch	n school barriers (issues to be addressed in school)						
A	Across the school gaps between PP and Non-PP are closing for pupils achieving the Expected standard for their year group but there is still a gap equivalent to two children in reading, and 2+ children in writing and maths.						
	The is also gap between PP and Non-PP children when considering reaching the higher standard. This is most notable in reading; the differential here is the equivalent of 2 children.						
	There was a gap at the end of Year 6 in Mathematics within the higher standard: this is the equivalent of 1 child. We have set aspirational targets at FFT20 and Maths is a priority on						
	the Academy Development Plan this year.						
В	Whilst equitable to 1 child (PP = 8%), we need to ensure that PP children are continued to be supported to ensure they achieve the greater depth standard in all subject areas. This is most notable in the case of reading, with a differential of 48% (6 pupils).						
	Aspirational targets have been set to ensure using prior attainment as a firm indicator of potential attainment. As such, our PP children will reflect positive attainment and progress and there will be no gaps between those pupils in receipt of pupil premium and those who are not.						
С	Our low numbers of PP children mean that we think of each child as an individual and in order to do that we often have to unpick multiple potential barriers in order to ensure our						
	children make accelerated progress. For instance, two of our PP children also have SEND needs and a number have Speech and Language needs specifically.						
Exter	External barriers						
D	Attendance for PP children was below the national average last year. Attendance is a target on the Academy Development Plan this year. Eligible pupils are more likely to suffer from attendance problems and remain a constant focus. However, we recognise that simply expecting children to arrive in school will not result in excellent attendance. We						

recognise that there may be multiple barriers so in order to reduce these barriers, we will support the families of our eligible pupils in supporting their child in the aspects of: learning, pastoral support and attendance to result in children making accelerated progress. Attendance for PP 2017-18 was 91.39%; Non-PP for the same period was 92.75%.

	2. Outcomes	
	Desired outcomes and how they will be measured	Success criteria
A	All children at the end of KS2 achieve above national for expected progress in Reading and Maths, and there are no gaps between PP and Non-PP pupils. Writing continues to be above national for expected. Percentage of children achieving the higher standard is at least in line with national and high prior attaining PP children	 Children eligible for PP in Y6 make rapid progress by the end of the year so that all pupils eligible for PP achieve the expected standard. All high prior attaining PP children make accelerated progress so that they achieve the higher standard in Reading, Writing or Maths. Progress monitored regularly throughout the term.
	achieve the higher standard in Reading, Writing and Maths.	
В	All PP children across years 1-6 (where there are no other significant barriers of SEND) achieve the expected standard. The percentage of high prior attaining PP children achieve the higher standard in Reading, Writing and Maths.	Y1 – 100% EXP+ in R, W, M Y2 – 67% EXP+ in R, W, M (33% with SEN EHCP pending) Y3 – 50% EXP+ in R, W, M Y4 – 100% Y5 – 50% EXP+ in R, W, M (50% with SEN needs) Y6 – 50% (100% SEN with EHCP) Progress monitored weekly
C	Sustainable increased attendance rates for targeted pupils eligible for PP. (Target 98%)	End of year attendance shows PP children in line or above Non-PP children and in line with our aspirational target of 98%. Progress monitored 2/52
